

CARVICE

DECIDE BEST

VALUE PROPOSITION

- The App will give users personalised car recommendations based on their preferences, budget, lifestyle and specific needs.
- The app has a link that takes users to the ABSA finance website to apply for auto financing.
- The App will have a community forum where users will share their experiences and interact with each other.

CAR BUYER VALUE PROPOSITION

For (Target Market)

What Service do we provide

What is the benefit of using it

Competitors

What makes it unique?

- We are targeting First time car buyers and Car owners
- We provide a platform for car buyers to help them make informed decisions throughout the car ownership journey.
- Conduct research on your behalf.
- Quickly narrow down options based on your preferences and budget.
- Maintenance Guidance or Estimation.
- TrueCar, Cars.com and Autotrader
- Its tailor-made for individual users, conducts the necessary research, and reduces the available possibilities to meet the user's demands.
